7,578 ft²/h Max. speed	CMYK+MN+YN Inks + neon

TECHNICAL OVERVIEW

This industrial printer is designed for wide-format textile sublimation and high-volume production, delivering speed, stability and continuity in demanding workflows. Its wide format handles large pieces and high-capacity rolls, reducing interruptions and supporting long production shifts. Its configuration lets you adjust print speed and quality to each project while keeping results consistent across production levels. It is an ideal solution for fashion, sportswear, home textiles and custom production, providing productivity, versatility and efficiency in industrial environments.
